Customer Satisfaction

"Our wedding was an absolutely fantastic experience that we will remember for the rest of our lives. Every single guest commented on the wonderful time they had."

C. Pereira

"The Cruise was beautiful. The boat was exceptional, spacious, beautifully laid out and decorated...another bonus you insisted you take care of. A memorable evening that is yet to be matched! What a bunch of pros!"

A. Vogel – KX96fm

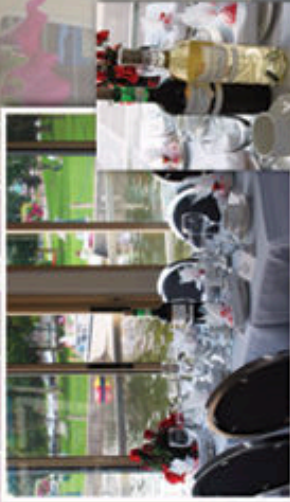

"From the initial planning to returning dockside, every aspect of the event exceeded our expectation. Your understanding and facilitation to address our special need requests requires special mention as it speaks to flexibility and professionalism brought to the delivery of service."

L. Blake

Weddings

Romantic memories of a lifetime can be created with a wedding celebration and reception party on board The Woodman. Our captain can even perform the ceremony. Allow our attentive staff to take care of everything you need for your special day.

Social Entertaining

Celebrate your special event or party on board The Woodman. Any celebration or event can be personalized and planned for you. Every event is custom designed. What a great reason to celebrate and cruise with friends.

The Woodman is named after the original Woodman built in 1850. Steamboats were instrumental in the creation of Lake Scougog. They were utilized for transporting supplies, logs and people through the Trent Severn System and known for many glamorous party excursions.

Defining the cruise experience on Lake Scougog is what Scougog Island Cruises has recreated to bring back an era that has gone by. The last steamship that cruised on Lake Scougog was in 1923 and any visible trace of ship activity was gone. The new Woodman was proudly built in Port Perry in 2003 by local tradesmen to help revive history. It is the first commercial ship to be built and launched in Lake Scougog in over 85 years.
